

Strategic Plan 2023 - 2026

Strategic Directions

Accelerate health care transformation

- Advance partnerships to meet our mental health and addiction patient needs
- Decrease unnecessary Emergency Department visits by our patients
- Participate in the Ontario Health Team (OHT) and the Primary Care Alliance
- Develop an Integrated Care Model within the greater system
- Move toward population health planning to advance health equity

Foster the health and well-being of our team

- Focus on the well-being of our staff
- Develop attractive recruitment and retention strategies

Optimize the use of our resources

- Deliver services in innovative, cost-effective ways
- Pursue digital opportunities to improve access, address wait times and centralize referrals
- Enhance our funding and revenue resources
